## TURKEY-SYRIA EARTHQUAKE DESTRUCTION CONTINUES

There were at least 78 aftershocks between the first and second earthquakes in southeastern Turkey February 6, 2023, according to the United Nations. The first quake, of 7.7 magnitude, struck southern Türkiye at 4:17 am local time. The epicentre was

Pazarcik near Gaziantep, a civil city near the country's border with northern Syria. It killed close to 2,000 people. Structural and civil engineers from the UK have travelled to Turkey to help investigate the damage caused by

last month's powerful earthquake. They are collecting geological data and carrying out detailed assessments

of why so many buildings collapsed. Turkey is also carrying out its own extensive investigations

Work with their Turkish colleagues has revealed examples of poor construction, including large pebbles mixed in concrete, which weakens its strength. But the sheer power of the quake also caused some of the devastation.

The US Department of Energy has assessed that the Covid-19 pandemic most likely came from a laboratory leak in China, according to a newly updated classified intelligence report.

The song Naatu Naatu from the hit Telugu-language film RRR has made history by becoming the first Indian film song to win an Oscar.

The blockbuster track won Best Original Song at the 95th Academy Awards, beating heavyweights like Lady Gaga and Rihanna.

Its catchy tempo and choreography has captivated audiences around the world.

India won a second Oscar for The Elephant Whisperers which won in the Best Documentary Short film category.

The documentary, which tells the story of a couple who care for an injured baby elephant after it gets separated from its herd, is the first Indian production to win in this category.

Shot in the picturesque Nilgiri mountains in southern India, The Elephant Whisperers explores the warm bond that develops between the human and animal as they begin to coexist.

However, India's big win remained Naatu Naatu (a Telugu word which means raw or rustic) - a thumping song that has got people around the world grooving to its beats.

The song already made history in January when it won a Golden Globe for the best original song - a first for India. The same month, it also won the Critics' Choice award for the best song.

## Oscars 2023: RRR's Naatu Naatu wins best original song

The peppy track became a global sensation after the film's release in the US last year.

Shot in 2021 in front of the Mariinsky Palace, the official residence of Ukrainian president, the song features the film's lead actors - Ram Charan and Jr NTR - performing energetic dance moves.

The lively choreography has inspired several Instagram reels and dance trends on social media.

The film's director, SS Rajamouli, told NDTV that he envisioned Naatu Naatu as a "fight scene" in which two freedom fighters bring a British officer to his knees - through dance.

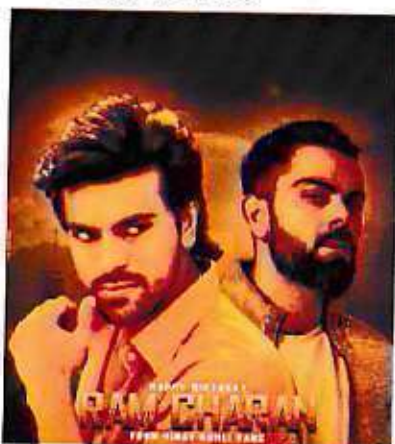

RRR - short for Rise, Roar, Revolt - is a historical fantasy that tells the story of two revolutionaries who fight against British rule in India.

The dazzling action epic is one of India's most expensive films. The song itself was shot over 15 days, with 150 dancers and a crew of 200 working 12 hours a day.

The song features beats commonly used in folk songs in India's Telugu-speaking states and several folksy references. Many Indians have taken to Twitter to express their happiness about the song's win.

N Chandrababu Naidu, an influential politician from the two southern Indian states where Telugu is spoken, said on Twitter that the song had "sealed its place in history". "This is probably the finest moment for Indian Cinema and Telugu achieving it is even more special," he wrote.

## RAM CHARAN WANTS TO STAR IN VIRAT KOHLI BIOPIIC

RRR star Ram Charan is back in India days after the film's song Naatu Naatu won an Oscar. He was welcomed with immense love at the Delhi airport on Friday morning. Charan also interacted with the media outside the airport when he called Naatu Naatu 'desh ka song'. In videos surfaced online, the Telugu star was mobbed. The actor, later in the day, appeared at a conclave and said he wants to star as Virat Kohli in his biopic one day.

## INDIA'S BEST FRIEND IN ASIA

To judge a country's relationship with India, apply a simple metric. Is it playing a positive role in India's economic transformation and developmental goals? On that metric, Japan would rank as among India's closest partners with its investments in signature infrastructure projects. Add another metric. Is the country in sync with India's strategic outlook? And on that yardstick too, Tokyo would rank as arguably New Delhi's closest friend in Asia given their shared anxieties about Beijing's belligerence and the need to maintain stability across the Indo-Pacific. With this level of convergence — and few areas of friction — it is not a surprise that over the past 15 years, Prime Minister (PM) Manmohan Singh and Narendra Modi have invested in the relationship with Japan. From Tokyo, if the late Shinzo Abe engineered a paradigm shift by placing India at the centre of its engagement in the region, Fumio Kishida has taken it forward, as seen in the Japanese PM's visit to India this week.

Mumbai Indians on Tuesday reclaimed the top spot in the points table with a four-wicket victory against Royal Challengers Bangalore in the Women's Premier League, riding on Amelia Kerr's allround heroics. Chasing a modest 126 to win here at the DY Patil Stadium, Mumbai Indians stuttered post a fiery start and also failed to knock off the target in 11.3 overs, a condition that would have helped them improve net run rate over Delhi Capitals.

## AR RAHMAN: 'WRONG MOVIES ARE BEING SENT FOR OSCARS'

After his Oscar wins in 2009, Rahman was invited to become a member of the Academy of Motion Picture Arts and Sciences (AMPAS) which hosts the ceremony. The singer-composer is a regular voter and has been watching the films that qualify and get nominated.

In an interview conducted in January, Rahman had told musician I Subramaniam, "Sometimes, I see that our movies go till the Oscar... they don't get it. Wrong movies are being sent for the Oscars. And I am just like DON'T. We have to be in another person's shoes. I have to be in Westerner's shoes to see what's happening here. I have to be in my shoes to see what they are doing." Rahman's conversation with the renowned violinist is now out on the Oscar winner's YouTube channel.

Zee Music also did not renew the licensing agreement with the music app Gaana and cut ties with them in 2022. A few months later, Gaana became a subscription-only service. According to a report on Billboard, the music app said in a statement, "Spotify and Zee Music have been unable to reach a licensing agreement. Throughout these negotiations, Spotify has tried to find creative ways to
