Report on International Plastic Free Day

DATE 3rd July 2021

Konark Ideal College of Science and Commerce had organized an event for Degree College Students on occasion of International Plastic Free Day . **International Plastic Bag Free Day** is observed every year on **July 3rd** to increase awareness about the detrimental effects of disposable plastic bags on the environment. This day acts as a reminder for individuals, communities, and businesses globally to minimize their usage of plastic bags and explore more sustainable alternatives.

The primary objective of International Plastic Bag Free Day is to foster a shared awareness that prompts individuals and communities to decrease their dependence on plastic bags. Each of us can contribute to the cause by adopting simple yet impactful habits.

Governments play a crucial role in addressing the issue of plastic bag pollution. Legislative measures such as imposing bans, implementing taxes, or incentivizing the use of sustainable alternatives have proven effective in many countries.

Every we were distributed paper bag to near by area. This year because of pandemic situation we are taking online quiz competition on Plastic Bag Free Day and E-Certificate of Participation was given to Student.

Prepared by :

Asst Prof Yojana Mali .
